

Assignment-1

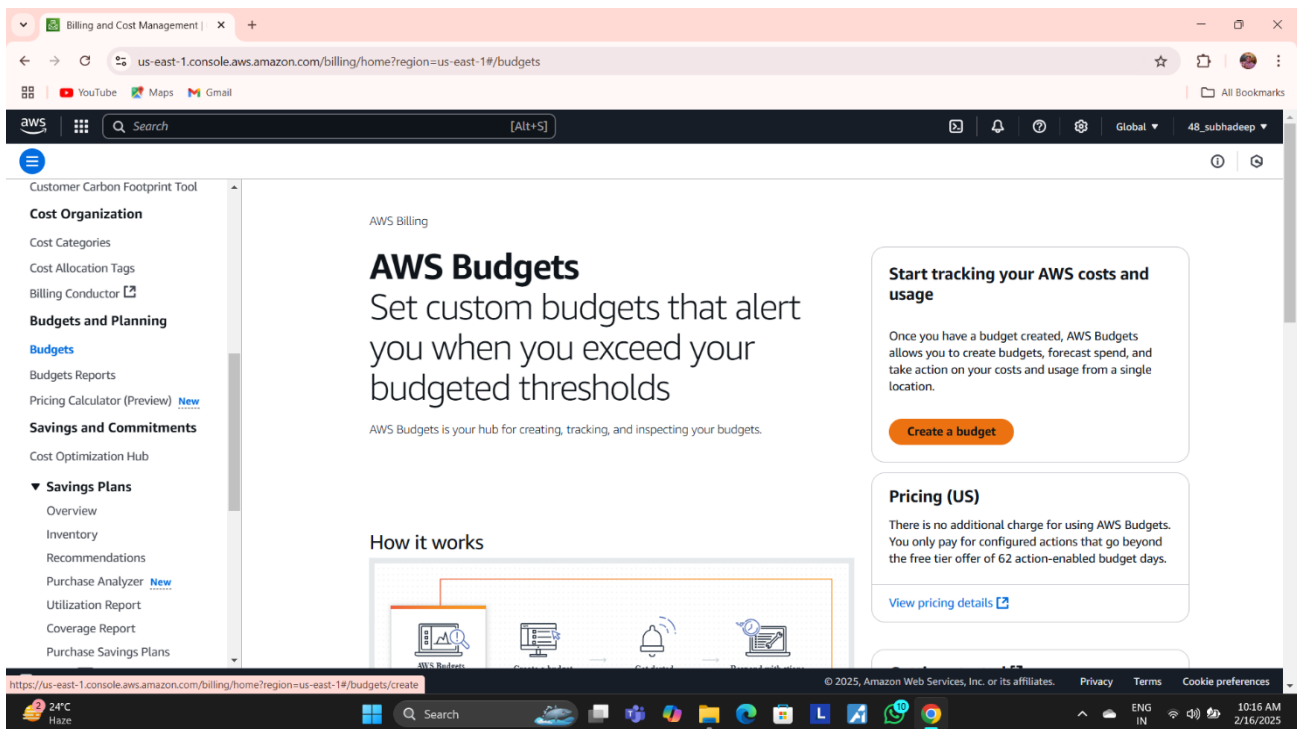

Create an account in AWS and configure a budget.

Budget configuration:

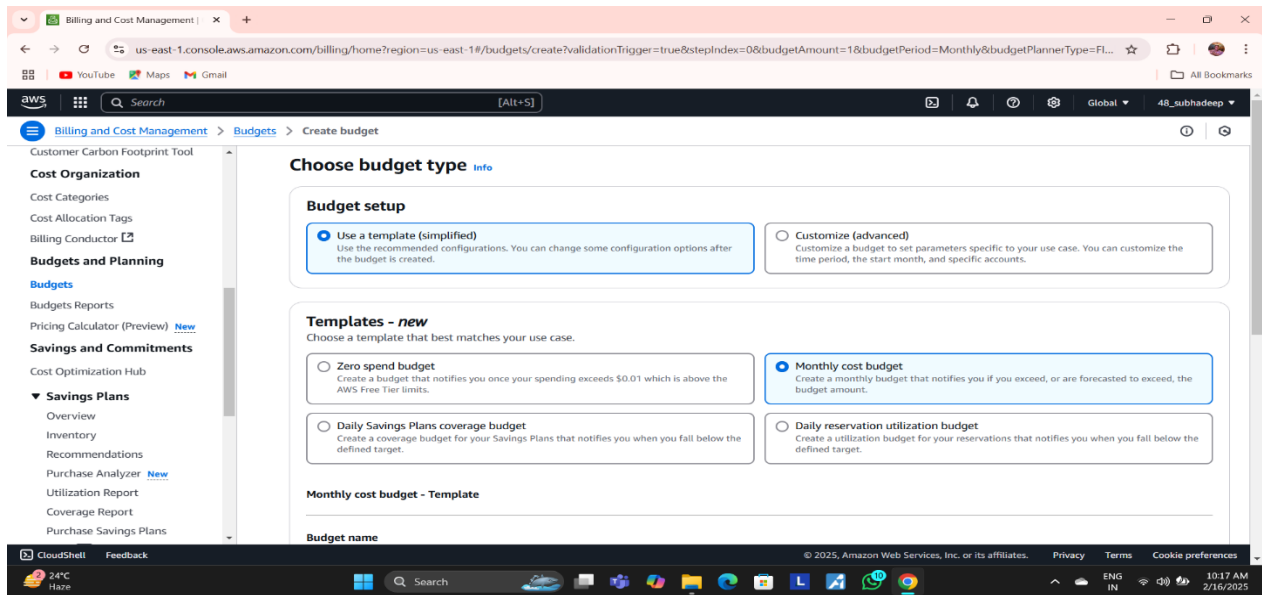

1. Log in to AWS console, go to your username and there click on 'Billing and Cost Management'.

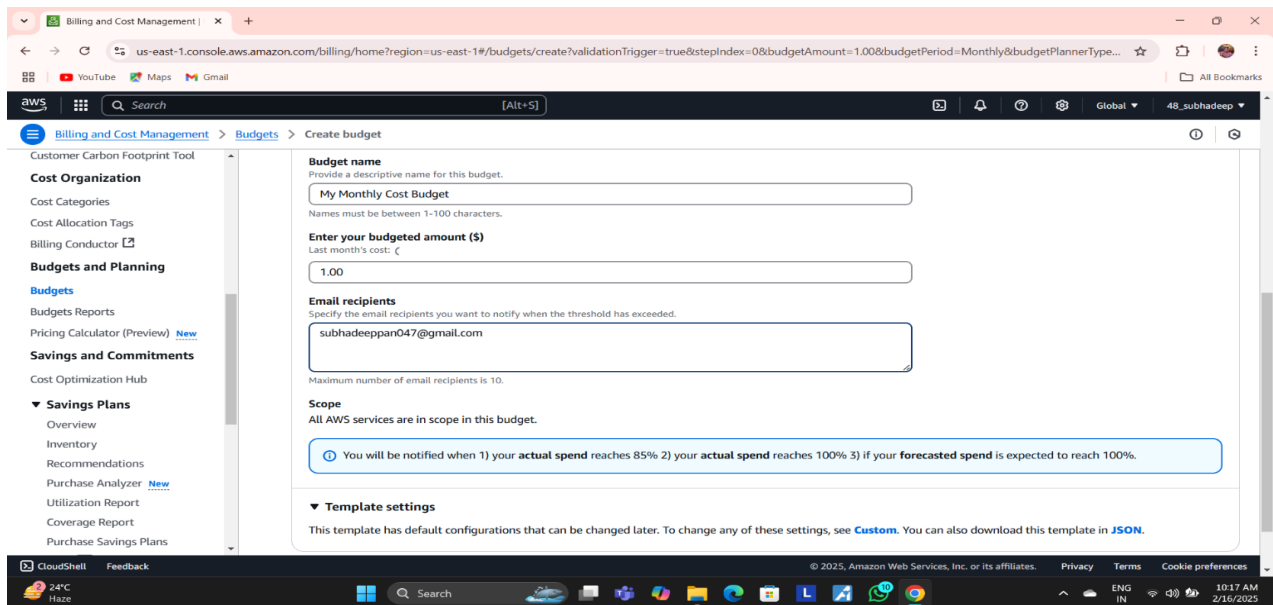

2. Under 'Budgets and Planning', click on 'Budgets' and create budget.

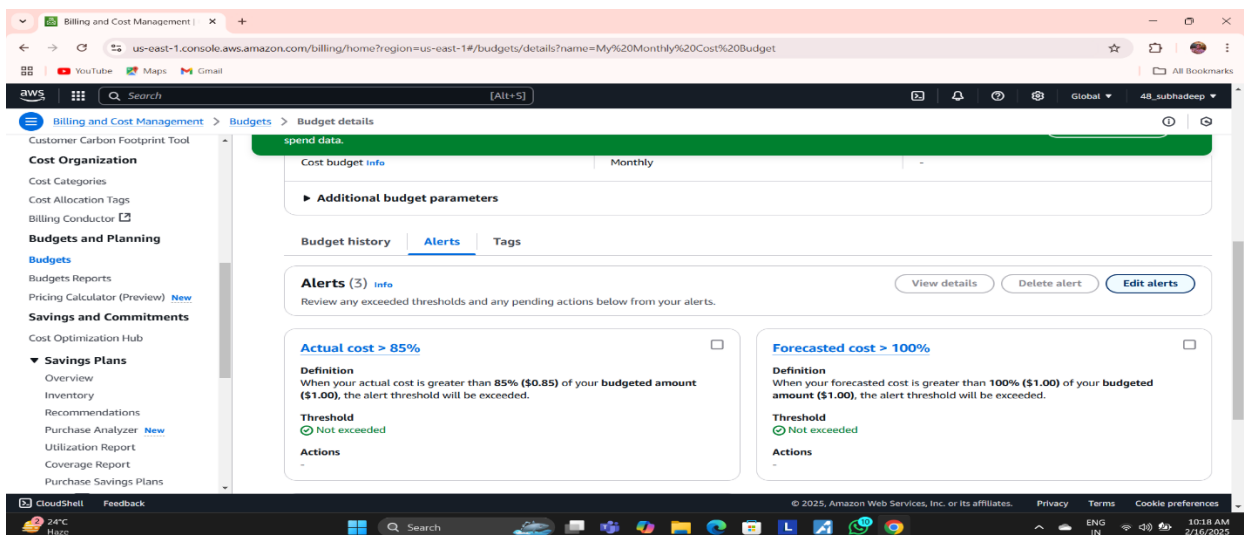

3. Configure budget setup by clicking on "Monthly cost budget"

4. Add budget details. (Name, amount, recipients mail, etc)

5. We can Edit alerts from ("Edit alerts")

6. After add threshold, we fill-in necessary details and then click on “Next” for three alerts.

The screenshot shows the AWS Budgets 'Edit budget' page. The left sidebar contains navigation links for Billing and Cost Management, Budgets, and Savings Plans. The main content area is titled 'Edit budget' and includes a green banner stating 'budget, it can take up to 24 hours to populate all of your spend data.' Below this, the 'Alert #1' configuration is shown. The 'Set alert threshold' section has a 'Threshold' of 75 and a 'Trigger' of 'Actual'. The 'Notification preferences' section is empty. The 'Email recipients' section shows the email address 'subhadeepan047@gmail.com'. A 'Cost Data' panel on the right shows 'No data'.

Alert #1
